Remember, we do not want you to feel pressured to give God one dime more than he tells you to give, but trust Him to guide you to give every dime that He asks you to give.

As you pray about your commitment, consider these questions:

1. What does God want you to do with respect to your regular giving?
2. What above your regular giving can you afford to give as a pledge?
3. What does God want you to sacrifice in order to give more?  
See Pledging Smart.
4. What is God asking you to do that you can't see right now?
